Forward-Looking Statement Safe Harbor and Use of Non-GAAP Financial Measures

This presentation contains forward-looking statements based on MACOM management's beliefs and assumptions and on information currently available to our management. These forward-looking statements include, among others, statements about MACOM's strategy and the anticipated size of MACOM's serviceable addressable markets. These forward-looking statements reflect MACOM's current views about future events and are subject to risks, uncertainties, assumptions and changes in circumstances that may cause those events or our actual activities or results to differ materially from those indicated by the forward-looking statements, including any failure to anticipate demand for our products; risks related to any weakening of economic conditions, including as a result of the COVID-19 pandemic; our ability to develop new products and achieve market acceptance of those products; and those other factors described in "Risk Factors" in MACOM's filings with the Securities and Exchange Commission ("SEC"), including its Annual Report on Form 10-K, its Quarterly Reports on Form 10-Q and other filings with the SEC. These forward-looking statements speak only as of the date of this presentation, and MACOM undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

We make references in this presentation to certain financial information calculated on a basis other than in accordance with United States generally accepted accounting principles ("GAAP"), including non-GAAP earnings per share, non-GAAP gross margin and non-GAAP operating margin. Such non-GAAP measures are provided as additional insight into MACOM's on-going financial performance. These non-GAAP measures are provided in addition to, and not as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. See our reconciliation of non-GAAP measures to the most comparable GAAP measures in the appendix provided at the end of this presentation.

Company Snapshot

Leading Supplier of Semiconductor Solutions

- Headquartered in Lowell,
 Massachusetts
- 70 years of RF & Microwave history
- 6,000+ customers worldwide
- 3,000+ products across 40 product lines

- Domestic fab and foundry services
- Global, multi-channel sales strategy
- Strong patent and IP position
- Certified ISO 9001 & ISO 14001 quality and environment standards; ANSI/ESD S20.20 & IATF16949 ESD and automotive standards

- Focused on complex applications across the RF and lightwave frequency spectrum
- Broad and expanding portfolio of products
- Addressing growing markets

Corporate Structure Focused on Engineering Leadership

President & CEO
Stephen Daly

SVP & Chief Financial Officer

Jack Kober

Advanced Technology

Dr. Douglas Carlson SVP, Technology

Operations

Robert Dennehy SVP, Operations

Sales & Corporate Marketing

Thomas Hwang SVP, Global Sales

Legal & Human Resources

Ambra Roth
SVP, General Counsel

Technology-Focused Engineering

Diodes

RF Power

MMIC and Metro Long Haul

High-Performance Analog

Lightwave

Connectivity

Large & Diverse End Markets

Industrial & Defense SAM \$2 Billion*

- Diodes
- **RF Power**
- MMIC
- Lightwave

RF and Microwave components and subassemblies for industrial, civil and defense infrastructure buildouts

Data Center SAM \$1 Billion*

- Lightwave HPA
- MLH
- PA Connectivity

Optical connectivity in Data Centers enabling new cloud-based applications

Telecom SAM \$2 Billion*

- Diodes
- **RF Power**
- MMIC
- Lightwave

HPA

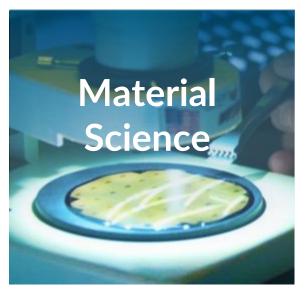

Connectivity

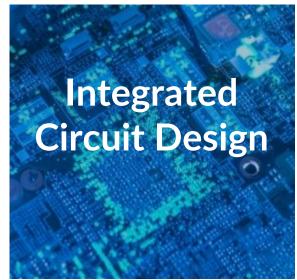

Optical and wireless networks for FTTx, Metro, 4G LTE and 5G applications and services

MACOM

Core Competencies

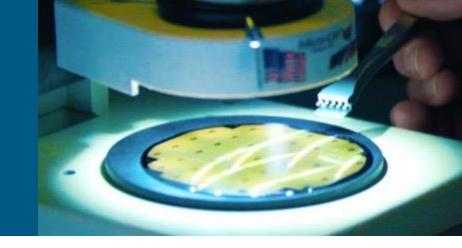

A Leader in the Engineering and Manufacturing of High-Performance Analog and Mixed-Signal ICs

Material Science

MACOM Used Semiconductor Process Technologies

- Aluminum Gallium Arsenide (AlGaAs)
- Gallium Arsenide (GaAs)
- GaN on Silicon
- GaN on Silicon Carbide (SiC)
- Glass/Silicon composite wafer (HMIC)
- Indium Gallium Arsenide (InGaAs)
- Indium Gallium Phosphide (InGaP)

- Indium Phosphide (InP)
- Silicon Bipolar (BJT)
- Silicon CMOS
- Silicon Germanium (SiGe)
- Silicon on Insulator (SOI)
- Silicon MOSFET
- Silicon Photonics

Packaging Material Science

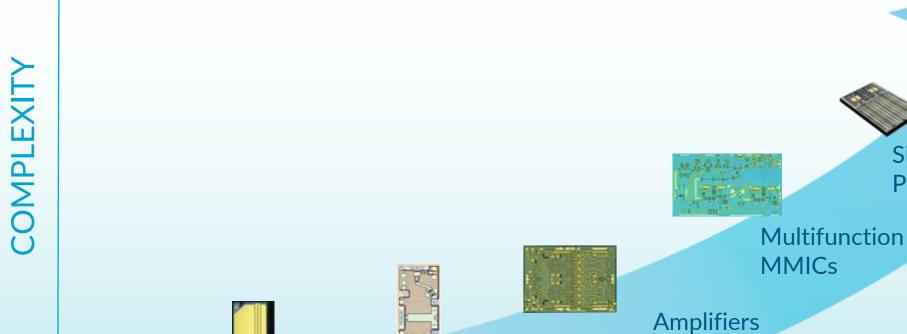

- Alumina (Al₂O₃)
- Aluminum Nitride (AIN)
- Beryllium Oxide (BeO)
- Sintered Silver (Ag) epoxy

Differentiated Proprietary Technologies — Advanced Compound Semiconductor Materials, Unique Wafer Processes and Specialized Packaging

Integrated Circuit & Process Design

Switches

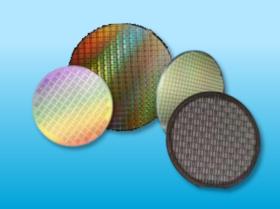

Crosspoint

Switches

Strategy

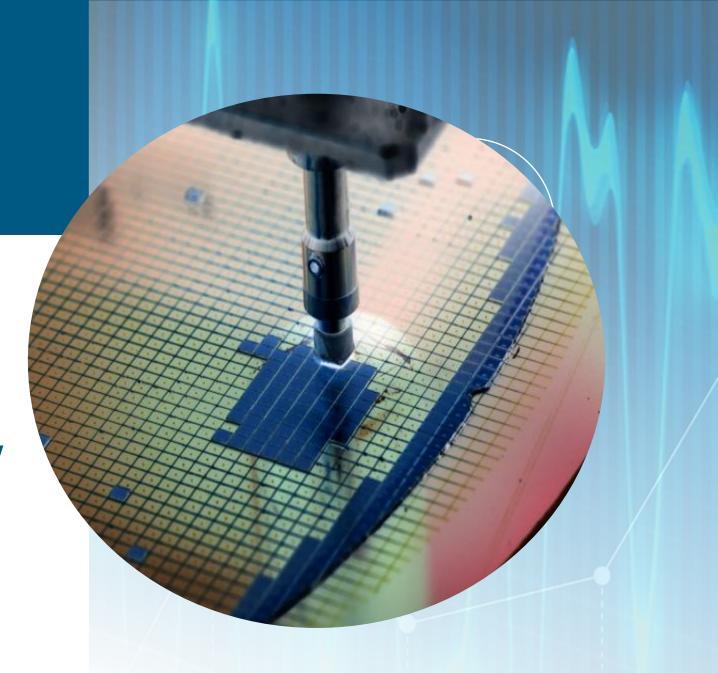

Increase Revenue

- Expansion of Product Portfolio
- Address Growing Markets
- Bring New Technologies to Market

Expand Margins / Improve Free Cash Flow

- Accretive New Product Introductions
- Operating Expense Leverage
- Increased Business Efficiency

Improved Balance Sheet Metrics

Non-GAAP Financial Measures

We make references in this presentation to certain financial information calculated on a basis other than in accordance with U.S. Generally Accepted Accounting Principles (GAAP), including non-GAAP gross profit, non-GAAP gross margin, non-GAAP income from operations, non-GAAP operating income margin, non-GAAP net income (loss), non-GAAP diluted shares and non-GAAP diluted earnings (loss) per share. We may alternatively refer to such non-GAAP measures as adjusted measures. These non-GAAP measures are provided as additional insight into our ongoing financial performance. This non-GAAP information excludes the effect, where applicable, of intangible amortization expense, share-based and non-cash compensation expense, impairment and restructuring charges, changes in common stock warrant liability, non-cash interest, litigation costs, acquisition, integration and restructuring related costs, production and product line exit costs, equity investment gains and losses, debt extinguishment and sale of business losses, discontinued operations, other costs and the tax effect of each non-GAAP adjustment.

Management believes that these excluded items are not reflective of our underlying performance. Management uses these non-GAAP financial measures to: evaluate our ongoing operating performance and compare it against prior periods, make operating decisions, forecast future periods, evaluate potential acquisitions, compare our operating performance against peer companies and assess certain compensation programs. The exclusion of these and other similar items from our non-GAAP financial results should not be interpreted as implying that these items are non-recurring, infrequent or unusual. We believe this non-GAAP financial information provides additional insight into our ongoing performance and have therefore chosen to provide this information to investors for a more consistent basis of comparison and to help them evaluate the results of our ongoing operations and enable more meaningful period-to-period comparisons. These non-GAAP measures are provided in addition to, and not as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP.

A reconciliation between GAAP and non-GAAP financial data is attached to this document.

Investors are cautioned against placing undue reliance on these non-GAAP financial measures and are urged to review and consider carefully the adjustments made by management to the most directly comparable GAAP financial measures to arrive at these non-GAAP financial measures. Non-GAAP financial measures may have limited value as analytical tools because they may exclude certain expenses that some investors consider important in evaluating our operating performance or ongoing business performance. Further, non-GAAP financial measures may have limited value for purposes of drawing comparisons between companies because different companies may calculate similarly titled non-GAAP financial measures in different ways because non-GAAP measures are not based on any comprehensive set of accounting rules or principles.
